

Galvanized Steel Wire Rope

GSW-A3	3 mm Galvanized Steel wire
GSW-A5	5 mm Galvanized Steel wire

Bar Attachment Set

BAS-A3	For 3 mm Steel wire, including BAS-B3 (1pc) BAS-C3 (3pcs) BAS-D5 (1pc) BAS-E5 (1pc)
BAS-A5	For 5 mm Steel wire, including BAS-B5 (1pc) BAS-C5 (3pcs) BAS-D5 (1pc) BAS-E5 (1pc)

The steel wire rope and the fixing accessories are designed for lifting lines and guiding wire applications requiring an economical wire rope with good strength. The bar attachment set is the complete set of accessories to attach the steel wire rope securely to the lighting bar.

Galvanized Steel Wire Rope

Construction	6 X 19 + FC Galvanized steel wire rope
Finish	Natural steel color
GSW - A3	3mm galvanized steel wire, RWL 60kg
GSW - A5	5mm galvanized steel wire, RWL 170kg

RWL is based on 8:1 safety factor

Galvanized Steel Wire Rope

Thimble

Thimbles

Construction	Stainless steel, used to form an eye at the end of a steel wire to prevent deformation and damage to the steel wire.
Finish	Natural steel color
BAS - B3	3mm stainless steel thimbles
BAS - B5	5mm stainless steel thimbles

Cable Clip

Cable Clips

Construction	Galvanized, type B, used in conjunction with thimble to form an eye at the end of a steel wire.
Finish	Natural steel color
Strength	The efficiency rating of a properly prepared assembly is 80% of the breaking strength of the steel wire rope.
BAS - C3	3mm galvanized cable clips
BAS - C5	5mm galvanized cable clips

Shackle

Shackles

Construction	5/16" x 3/8" stainless steel D shackle, screw pin
Finish	Natural steel color
Strength	RWL 550kg
BAS - D5	5/16" screw pin D shackle

RWL is based on 8:1 safety factor

Barrel Clamps
Standard- Diverter Pulley -

Standard Barrel Clamps

Construction	50mm wide x 4mm thick steel clamp Supply with M10 x 25mm Hex bolt and nut x 2 sets
Finish	Black powder painted
Application	For OD 48.3 - 50mm pipes
Strength	RWL 350kg
BAS - E5	50mm wide barrel clamps

Diverter Pulley Barrel Clamps

For tidy and safe cable distribution, allow adjustment for the lift line length.

Construction	50mm wide x 4mm thick steel clamp Supply with M10 x 25mm Hex bolt and nut x 3 sets
Finish	Black powder painted
Grooved Pulley	Dia 39mm steel pulley
Application	For OD 48.3 - 50mm pipes
Strength	RWL 350kg
BAS - F5	50mm wide diverter pulley barrel clamps
