

Tsang Chan Sik Yue Auditorium Hong Kong Baptist University

Showcase

Educational Institution

Equipped with professional lighting, rigging & machinery and AV systems, the 400-seat auditorium is an ideal venue for all kinds of academic, university-wide and student activities.

Stage features Gerriets red curtains and JD McDougall black curtains with automatic control.

All stage lighting fixtures were installed on motorised lighting bars lifted by MACHO drum winches.

The auditorium is equipped with video control facilities, a 270" Rolleramic screen and 2 teaching screens.

Auditorium inside HKBU's New Landmark

Hong Kong Baptist University (HKBU) has embarked on a campus development from 2007 to increase spatial area at the University while, at the same time, upgrading the campus environment and facilities, thus ameliorating the teaching, research and learning ambience.

Completed in June 2012, the new Academic and Administration Building was built at the centre of the campus buildings along Renfrew Road, the 13-storey new building will be a fresh, striking HKBU landmark. The "Tsang Chan Sik Yue Auditorium" is a 400-seat multi-purpose lecture theatre located on the 2nd floor of this newly built campus building to cater to the demand of the University community for a sizeable venue to hold all kinds of academic, university-wide and student activities.
