

Video Production Studio

Run Run Shaw Creative Media Centre
City University of Hong Kong

Showcase

Educational Institution

Specifically dyed chroma-key green cyclorama, which is set at one side of the VPS. All lighting fixtures are installed on the motorised lighting bars at the centre of the studio, providing professional lighting for shooting.

The chroma-key setting includes a green cyclorama and a green painted floor cover, which facilitates with chroma-key shooting.

A white cyclorama, as well as a black curtain at front, is set at the other sides of the VPS.

More than a Teaching Studio

Run Run Shaw Creative Media Centre (CMC), the landmark building in the City University of Hong Kong, is a distinctive crystalline shaped, nine-storey complex designed by renowned architect Daniel Libeskind, with state-of-the-art teaching and research facilities, and advanced audio-visual equipment. The building houses the School of Creative Media, providing facilities that enable the University to become the first in Asia to offer the highest level of education and training in the creative media fields. The Video Production Studio (VPS) in CMC is a professional studio, which is far superior to an ordinary teaching studio.

In late 2010, the VPS was carried out configuring works of professional lighting, power and other services. In order to provide a splendid teaching and instructional environment for chroma-key shooting and real-time video mixing and editing, the studio is equipped with high power spotlights, intuitive control panel and chroma-key setting with a stringent lighting requirement. The chroma-key setting includes a specifically dyed green cyclorama and a green painted floor cover, which perfectly join together.

Scope of work

Macostar was responsible for the design, supply and installation of the Studio Lighting System and Motorized Rigging System in Video Production Studio, City University of Hong Kong.

Studio Lighting System

- ETC Source Four Zoom 15/30 750W Profile
- Toshiba PRIMO AL-LPS-20A 2000W Fresnel Spotlight
- Toshiba PRIMO AL-LPS-10A 1200W Fresnel Spotlight
- Toshiba QUARTZ Board Light AL-LQB-E 800W Floodlight
- LDR Rima A 4x500W Top Mounted Cyclorama Light
- ETC Sensor+ CE Rack 72 Channels 3kW Dimmer
- Macostar MATCH IDA 6F & IDA12F Isolated DMX Amplifier

Motorized Rigging System

- Macostar MACHO DW400B4E Drum Winch
- Macostar Medley Double Barrels Wired Lighting Batten
- Macostar MACHO MC-TMC-1 Winch Control Box
- Macostar MACHO HCS-210 Touch Hoist Controller
- Macostar MACHO HC-100 Manual Controller
- Macostar MACHO DCMOT Draw Curtain Machine
- Macostar Medley LBX15 Extended Loft Blocks
- H&H 500 Series Tracks
- J&C Joel White Cyclorama
- J&C Joel Motorized Green Chroma Key
- JD McDougall Motorized Black Curtain
